### **Creative Minds International PCS enrollment and Open House events**

[Creative Minds International Public Charter School](#) (CMI) is the only public school in the District of Columbia that offers the International Primary Curriculum, a highly engaging, diverse curriculum with project- and arts-based activities that foster creativity, self motivation, social and emotional development, and academic excellence. Our goal is to provide students with the foundational skills required for successful participation in a global society.

In 2016-17, CMI will launch its new Middle School program, building on the tremendous success of the early childhood and elementary programs. Two 6th-grade classes will be added in this inaugural year, while 7th- and 8th grades will be added each subsequent year.

Creative Minds International is pleased to announce application procedures for PK3 through 6th grade for the 2016-2017 academic year, as well as upcoming Open House events for interested families.

Applications will be received through the My School DC common application and common lottery system, which opens on December 14, 2015 and has an application deadline (PK3 - 8) of March 1, 2016.
